HISTORIC ENVIRONMENT SCOTLAND
REGISTER OF ASSETS

Last updated 1 April 2021
About Historic Environment Scotland and our assets

We are a non-departmental public body (NDPB) with charitable status, formed in 2015 as the lead public body for Scotland’s historic environment.

Our core purpose and functions are:

- To act as the lead public body on matters relating to Scotland’s historic environment
- To support and enable partners, stakeholders, communities and individuals to fulfil their roles in investigating, protecting and celebrating our heritage
- To act as guardian of Scotland’s historic environment
- To deliver public benefit from the activities of the body.

A significant part of our work is to care for more than three hundred Properties in Care on behalf of Scottish Ministers. These include castles, tower houses, brochs, stone circles, abbeys and other historic or archaeological monuments in Scotland. We maintain and operate these sites as visitor attractions, and this is part of our core function.

Many of the Properties in Care are owned or leased by Scottish Ministers, meaning they are eligible for Asset Transfer. However, a large proportion of these properties are in private or charitable ownership and we look after these under a Deed of Guardianship.

Please Note - Those properties are not eligible for Asset Transfer because they are not publically-owned or leased.

We provide details of all the eligible land and buildings in our Register of Assets, listed in this document by Council area.

The land and buildings that Historic Environment Scotland owns or leases are ancillary properties such as car parks and works depots, visitor centres and outbuildings. These are eligible for Asset Transfer and, again, are listed in our Register of Assets.

As many of our listed assets are historic properties or ancient sites you may wish for further clarification of the terms used in the register – please visit www.Historicenvironment.scot for further information or get in touch with us by emailing chiefexecutive@hes.scot.
